Coborn Cancer Center

Coborn Healing Center: 2016 & 2017 Employee Campaign beneficiary

Smiles and uplifted spirits abound at Coborn Healing Center, and I've had the privilege of seeing the Center's impact on those we serve.

For example, a woman, who had lost her zest for life, participated in art therapy and is now excited about the future. Cancer patients experiencing hair loss often arrive quiet and gloomy. After their free wig-fitting with our volunteer cosmetologist, they leave laughing, talking and radiating renewed confidence.

The Coborn Healing Center offers services for mind, body and spirit, including acupuncture; yoga and qigong; music therapy; meditation, mindfulness and spiritual well-being activities; nutrition classes; and a garden for relaxation, reflection and renewal.

Christine Midthun
Gorecki Guest House

Gorecki Guest House: 2015 Employee Campaign beneficiary

I've had the pleasure of working at the Gorecki Guest House since 2017 and have heard firsthand what the house means to our guests. It is often described as a "hotel with a heart" and a "home away from home".

The Guest House is an affordable, welcoming, homelike and peaceful place where family members can lay their head, relax, re-charge and feel comfortable knowing they are near their loved one who is receiving medical care.

The gratitude of our guests is best shared through the words of a former guest.

Thank you for the privilege of staying at the Guest House. It's a beautiful and safe place to stay. What a blessing to have this service – a true God send. – former guest, Pequot Lakes, Minn.
