Medical/Legal Partnership: 2020 Employee Campaign beneficiary

Research has shown that 60 percent of a person’s health is determined by social factors. The Medical/Legal Partnership between Mid-Minnesota Legal Aid and CentraCare clinic sites in Long Prairie, Melrose, Paynesville and Sauk Centre assisted 184 patients with various legal issues last year.

The project, funded through the Employee Campaign, strives to identify patients whose health is adversely impacted by social factors and connects those patients with an attorney.

When patients are dealing with legal issues, it can impact their well-being. Without the Medical Legal Partnership, these patients would be left to find assistance on their own. We are so glad they can leave our facilities with the help they need.

Thanks for making a difference with your gifts!

EMPLOYEE CAMPAIGN 2023 Partners in Caring

Nursing Manager,
CentraCare – Melrose

Dignity Closet: 2020 Employee Campaign beneficiary

During this past year, CentraCare – Melrose purchased items to start a Dignity Closet for their patients in need thanks to our generous Employee Campaign donors.

Many patients only have the clothes they wore to the hospital which may be soiled or unsuitable to wear at discharge. The Dignity Closet provides new clothing to patients in need. Hospital staff are excited to offer our youth and adult patients something to wear home when needed.

Thank you to our generous employees for giving back in many ways to make a difference for our patients!
